

KELSYUS™

Backpack Beach Chair

The Kelsyus™ Backpack Beach Chair redefines style and function in beach accessories. The Backpack Beach Chair breaks the mold with a featherweight steel frame design and arm rests that transform into padded backpack shoulder straps enabling beachgoers to carry other necessities while searching for that perfect spot. Packed with many unique features, the Kelsyus™ Backpack Beach Chair revolutionizes the traditional beach chair.

Features & Benefits

Mesh cup holder prevents sand and moisture build-up

Adjustable tension control for personalized fit

Optional canopy

Sturdy steel frame supports up to 113 kgs.

Foam pillow adjusts for individualized comfort and support

Patented one step closing mechanism

Durable, stitched nylon binding prevents fraying

Padded arm rests provide comfort and support

Oversized feet for steadiness and long life

How It Works

The compactable steel frame converts into a backpack for easy trips to the beach.
